

# Children Looked After (CLA) Policy

Updated: September 2016

Review date: September 2017

## Background

*This policy is adapted from the HCC policy: CSF 4093.*

There has been concern since the mid-1970s that the education of children in care has been neglected. Conversely, from about that time, attention was drawn to the important part that successful schooling could play in helping children escape from social disadvantage. In 1995 a joint report by the Social Services Inspectorate and Ofsted stated that the care and education systems were failing to promote the educational achievement of children in care and drew attention to:

- Poor exam success rates in comparison with the general population
- A high level of disruption and change in school placements
- Lack of involvement in extra-curricular activities
- Inconsistent or no attention paid to homework
- Underachievement in further and higher education

The Children Act (1989) introduced changes in terminology. The term 'in care' now refers solely to children who are subject to Care Orders. Children who are cared for on a voluntary basis are 'accommodated' by the local authority. Both these groups are said to be 'children looked after' (CLA) by the local authority (LA). Accommodated children also include those in receipt of respite care – if it exceeds 20 days in one episode or over 120 days a year.

It is important not to confuse a young person's legal status with their living arrangements. For example, a child on a Care Order can be living with:

- Foster carers
- In a children's home
- In a residential school
- With relatives, or
- Even with parents – under supervision of the LA

Similarly, an 'accommodated' child can be living in:

- foster care
- a children's home, or
- a residential school

This policy incorporates requirements set out in the statutory guidance on the duty on the LA to promote the educational achievement of CLA under section 52 of the Children Act 2004 and the Hertfordshire Policy Statement on Children in Care.

## Objective

- The attendance of pupils as a discrete group, compared to other pupils;
- The level of fixed term/permanent exclusions; and

The Governor should be satisfied that the school’s policies and procedures ensure that looked-after students have equal access to:

- ☑ Full time educational provision – at least 25 hours;
  - Public examinations;
  - Additional interventions to support educational progress e.g. One to One tuition
  - Employment Excellence careers guidance;
  - Additional education support;
  - Extracurricular activities
  - Work experience
  - Pupil Premium Plus funding to raise to raise attainment

- Work experience

The named Governor is encouraged to support the Quality Assurance Process for schools on the implementation of the role and responsibility of the Designated Teacher working with children looked after if offered to ensure and confirm the schools' best practice

The named Governor will be expected to have completed the iLearn on-line learning module on the Education of Children Looked After (Governors edition).

### **School Responsibility**

It is important that all teaching staff who are in contact with the child or young person that they are aware that s/he is being looked after by the LA. The responsibility for the transfer of this information is by Naomi Walker.

It is appropriate for a member of the support staff team to have knowledge that the young person is in care only when directly involved in the teaching of the young person.

In the absence of the usual class teacher, some information regarding the child's circumstances should be shared with the teacher covering the class. The extent of this sharing should be determined by the Headteacher or the Designated Teacher for Children Looked After.

### **Admission Arrangements**

On admission, records will be requested from the pupil's previous school and a meeting will be held with carer/parent/Social Worker as appropriate – but always involving someone with parental responsibility. This will provide information to inform the Personal Education Plan. An appropriate school induction will take place.

### **Involve the Young Person**

It is important that a young person is aware that information is being recorded regarding their personal circumstances. How this is shared with them clearly depends on their age and understanding. The explanation should emphasise that the school, the Social Worker, and their carer(s) are working together to promote their education.

It is important that the young person is supported to complete the Pupil Voice section of the Personal Education Plan by the Designated Teacher to inform the PEP and Care Plan review meetings

It is important to establish the child's view of their changed circumstances and what they want others to know. It is also important to ensure that a Social Worker/teacher/carer prepares the child for situations when they may be asked about home, e.g. by other pupils in the playground.

### **Communication with Other Agencies**

Schools should ensure that a copy of all reports (e.g. End of year reports) should be forwarded to the young person's Social Worker in addition to the foster carer or Residential Social Worker and if appropriate parent/s and the Virtual School. A copy should also be attached to the child's ePEP from 1<sup>st</sup> September 2015.

School, education and social work colleagues within Children's Services should endeavor to co-ordinate their review meetings, e.g. to have an Annual Statement or EHC plan Review and a Personal Education Plan or ePEP meeting or review.

Good communication is essential between professionals. It is important to exchange information between formal reviews if there are significant changes in the young person's circumstances, e.g. if school is considering a change of course, there is a change of care placement or there are significant

issues that will affect educational provision eg; behaviour or attendance.

#### *Assessment, Monitoring and Review Procedures*

Each pupil in care will have a Care Plan that will include a Personal Education Plan (ePEP) that is developed jointly by the Social Worker and Designated Teacher. This will identify specific areas of focus and include targets and associated actions to improve performance, progress or educational achievement. Areas for consideration will include:

- Achievement Record (academic or otherwise);
- Development needs (short and long term development of skills, knowledge or subject areas and experiences); and
- Long term plans and aspirations (targets including progress, career plans and aspirations);
- Educational Data so that progress may be easily tracked between Key Stages;
- Effective use of the Pupil Premium and evidence of impact;
- Extended learning opportunities;
- Involvement in Out of School Hours Activities;
- Special needs (if any);
- Attendance;
- Behaviour.

The ePEP will be updated and reviewed each term or at the point of any major change and contribute to the Statutory Reviewing process carried out by the Independent Reviewing Officer. The Designated Teacher is accountable for the implementation and review of the educational action to meet the targets within the Plan.

The named governor will report annually to the Governing Body on the progress of all children looked after against the key indicators outlined above.

<sup>1</sup> Education Law defines who is a parent very widely. It includes anyone who has parental responsibility for a child or who has care for them. This means it is possible for someone who does not have parental responsibility to be a 'parent' because they have care of the child in question for example the foster carer.
