## Book of the Week

**The Double Shadow** by Sally Gardner

Arnold Ruben has created a memory machine, a utopia housed in a picture palace, where the happiest memories replay forever, a haven in which he and his precious daughter can shelter from the war -clouds gathering over 1937 Britain. But on the day of her 17th birthday Amaryliss leaves Warlock Hall and the world she has known and wakes to find herself in a desolate and disturbing place. Something has gone terribly wrong with her father's plan...
