The Adeyfield Academy

Curriculum Overview Subject: Year 7

Overview	The Year 7 curriculum builds on KS2 skills and aims to address inconsistencies from KS2 learning. Throughout the year they develop skills to be utilised throughout their Geography learning journey and begin to build understanding of the wider worlds around them. The units look at local and global Geography to provide a base for future learning.

Term	Focus	Assesment
Autumn 1	Making and mapping connections ● World locations ● Links between places ● Continents ● Oceans ● Graph and map skills	Google Forms assessment to recall key knowledge and check understanding of new vocabulary.
Autumn 2 and Spring 1	Exploring UK and our Local area ● UK human and physical geography ● Population and demographics of the UK ● Climate of the UK ● Development of the UK ● Hemel and life in Hemel ● Fieldwork trip to St Albans	Written assessment with short answer and longer answer questions to recall learning and practice PEE structure.
Spring 2	Asia- China and India ● Locations in Asia ● Human and physical geography of the region ● Climate ● Development of the countries ● Population	Written assessment with a range of questions styles and lengths to use recall but also develop understanding of how to answer questions with different command words.

The Adeyfield Academy
