Dear Parents/Carers,

Re: Student Leadership Programme 2026-2027

We are delighted to invite your child to take part in our Student Leadership Programme for the 2026–2027 academic year.

At The Adeyfield Academy, we believe that education is about much more than academic achievement. Our core mission is focused on our shared goals of “Learning without limits”, and we want our students to develop the confidence, character, communication skills, and leadership qualities they need to succeed both in school and in their future lives.

Student leadership is an integral part of school life at Adeyfield. Our student leaders are there to embody our school values; ambition, dignity, compassion, courage and respect and to be a powerful voice for the entire student community. By taking on responsibility and representing their peers, our students make a genuine, positive contribution to our school environment and the wider community.

Why Should Your Child Get Involved?

Taking on a student leadership role is a transformative opportunity for your child to:

- Build confidence and self-belief by taking responsibility, presenting ideas, and stepping outside their comfort zone.
- Develop communication skills through working collaboratively with fellow students, staff, and visitors.
- Develop teamwork and collaboration by coordinating alongside other student leaders and supporting school-wide initiatives.
- Develop organisation and problem-solving skills through planning, promoting, and leading active events and campaigns.
- Have their voice heard and play an active role in shaping the daily school experience for their peers.
- Develop resilience and responsibility by taking full ownership of tasks, guiding younger students, and maintaining high standards.
- Develop employability skills that will build a standout foundation for future education, applications, and employment.

The Student Leadership Ladder

To encourage participation from Year 7 through to Year 13, our leadership pathways are structured across three progressive levels. This ensures there is a suitable entry point for everyone:

- Emerging Level: An introductory pathway open to a wide variety of students across the school, offering a supportive entry into leadership.
- Aspiring Level: More specialist roles within specific areas of the school, requiring a deeper level of commitment and active involvement.
- Expert Level: Exclusive to our Sixth Form students, requiring high engagement, active participation, and coordination within the school community.
